

NATIONAL INSTITUTE OF ELECTRONICS AND INFORMATION TECHNOLOGY, AURANGABAD

Department Vision

To become a premier center of excellence in electronics engineering, producing highly skilled, innovative, and socially responsible diploma engineers who excel in production, maintenance, and emerging technologies.

NATIONAL INSTITUTE OF ELECTRONICS AND INFORMATION TECHNOLOGY, AURANGABAD

Department Mission

- **Quality Education:** To deliver outcome-based technical education that blends fundamental electronics theory with practical, hands-on production and maintenance skills.
- **Industrial Collaboration:** To align with industry standards by offering state-of-the-art training in PCB design, assembly, testing, and equipment troubleshooting.
- **Skill Development:** To foster problem-solving abilities, teamwork, and entrepreneurial capabilities through innovative project work.
- **Professional Ethics:** To instill strong professional ethics, lifelong learning habits, and environmental responsibility to serve the needs of society.
